EDUCATION

Riverside City College   **Expected Transfer June 2026**

A.S. in Computer Science for Transfer

Dean's List (3x) | Coursework: OOP, Data Structures, Algorithms, Linear Algebra, Probability & Statistics

WORK/INTERNSHIP EXPERIENCE

Starting Over Inc. — Case Manager App   **(Ongoing)**

Freelance Full-Stack Web Developer

- Planned a secure, **full-stack web** application with role-based access control and RESTful APIs to streamline legal intake and case management for **CR 180/181/206** workflows, supporting 1000+ cases each year.
- Led **end-to-end** system design, including backend services, **database**, authentication/authorization, domains

CodePath   **Sept. 2025 – Dec. 2025**

Student Instructor/Tech Fellow   *Remote*

- Mentored & led **debugging** sessions to **30+** students weekly in **HTML, CSS**, and **JavaScript** sessions.
- Coordinated **full stack lesson structures** incorporating **UI/UX practices** and peer-driven project workflows.

AI Scouts   **Sept. 2025 – Feb. 2026**

SWE Intern & Campus Ambassador   *Remote*

- Promoted non-profit **AI education that recruited 50+** students through targeted outreach campaigns.
- Created social media content/**backend** + **SEO-focused campaigns** to expand reach across TikTok, Reddit

EXTRACURRICULAR EXPERIENCE

Google Developer Group   **August. 2025 – Present**

Vice-President & Executive Organizer (1 year)   *Remote/Riverside City College*

- Co-Led GDG at RCC, planning **6+** technical workshops and speaker events on software development, cloud, and **Google's AI tools.**
- Expanded **student access** to industry tools at Google and resources, increasing participation in Google-backed programs and **certifications**.

explorAI   **May 2025 – Present**

Founder & President (1 year)   *Riverside City College*

- Founded RCC's **first AI-focused** club on campus.
- **Only community college club** chosen to present at **AI University** to K-12 & College Professionals
- Spearheaded **3+ full software development project**s that utilized **AI Integration.**
- Organized **AI demos and projects** featuring tools (**OpenAI APIs and Hugging Face models**).

Association for Computing Machinery & Math Club   **July 2023 – Present**

Co-President (2 years)   *Riverside City College*

- Organized **4+** hackathon/ICPC coding teams and led workshops in **Python, C++, and algorithm design**.
- Grew membership sign-ups by 5x and boosted active participation by **200%** in only **one** semester alone.
- Mentored teams on **AI integration, app deployment, and code battles**, leading outreach to **400+** students.
- Organized **competition prep teams** and leading tutoring sessions in calculus series, linear algebra, etc.

SKILLS

- Programming Languages: Python, C++, JavaScript, Assembly, HTML, CSS
- Frameworks & Libraries: TensorFlow, PyTorch, Scikit-learn, NumPy, Pandas, React.js
- ADDITIONAL INTERESTS: Designing interactive AR posters, curating niche community playlists, and creating recipes.
